Wild Bird Seed

Locally Blended in the Heart of the Midwest

INTENDED FOR FEEDING WILD BIRDS

GUARANTEED ANALYSIS

Crude Protein.....Min.	14%
Crude Fat.....Min.	19%
Crude Fiber.....Max.	19%

INGREDIENTS:

White Millet, Black Sunflower, Safflower, Peanut Pieces, Sunflower Meats, Dried Cranberries, Dried Raisins, Cherry Flavoring

FEEDING DIRECTIONS:

Chickadee with Fruit Bird Seed may be fed in full or restricted flow bird feeders of any type. Bird feeder placement is important to insure the birds' safety while feeding. Feeders should be placed out of reach of domestic pets and predators. Placing feeders near trees and shrubs will encourage timid species of wild birds to feed often.

Seed should be stored in a cool, dry place away from direct sunlight and moisture and nonaccessible to rodents.

IN ADDITION TO OUR BIRD SPECIFIC BLENDS, FIND OUR OTHER TOP OF THE LINE BIRD SEED BLENDS:

DeLco No Waste Wild Bird Seed - A superior blend of sunflower meats, millets, peanut pieces and cracked corn that will have no mess and no waste. Every size and color of bird will enjoy this blend of all sizes of seed.
