# Wild Bird Seed

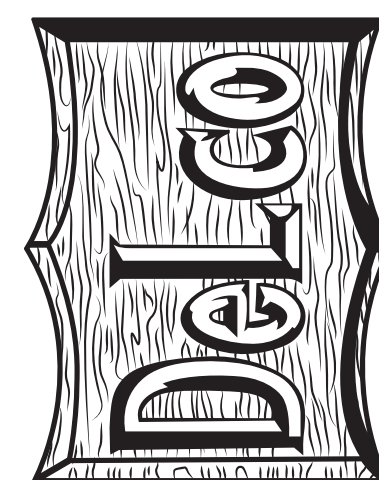

Locally Blended in the Heart of the Midwest

INTENDED FOR FEEDING WILD BIRDS

## GUARANTEED ANALYSIS

Crude Protein .....	Min. 15%
Crude Fat .....	Min. 22%
Crude Fiber .....	Max. 9%

## INGREDIENTS:

Sunflower Meats, White Millet, Cracked Corn, Peanut Hearts, Red Millet

## FEEDING DIRECTIONS:

No Waste Bird Seed may be fed in full or restricted flow bird feeders of any type. Bird feeder placement is important to insure the birds' safety while feeding. Feeders should be placed out of reach of domestic pets and predators. Placing feeders near trees and shrubs will encourage timid species of wild birds to feed often.

Seed should be stored in a cool, dry place away from direct sunlight and moisture and nonaccessible to rodents.

IN ADDITION TO OUR "NO WASTE WILD BIRD SEED"  
WE HAVE FORMULATED BIRD SPECIFIC BLENDS THAT INCLUDE THE  
SAME FRESH INGREDIENTS:

**DeLco Cardinal** - This mix is formulated with black sunflower, safflower, peanut pieces, and striped sunflower. All seeds are a favorite of Cardinals and many other birds and guaranteed to bring them back to your feeder.

**DeLco Wild Finch** - More than just Nyjer® seed to feed your Finches. This mix is formulated with Nyjer®, fine sunflower meats, hulled millet, canary seed, red millet, and flax seed.

**DeLco Woodpecker** - This mix is formulated with peanuts, sunflower, corn, cherries, and raisins for feeding Woodpeckers and many other popular, colorful birds.

**DeLco Chickadee with Fruit** - A fruity mix that is a favorite with Chickadees as well as many other popular small birds. This mix is formulated with black sunflower, white millet, safflower, red millet, peanut pieces, sunflower meats, dried raisins, dried cranberries, and cherry flavoring.
